Call for Comments on IEEE 802.16 TG4 PHY Strawman Document 802.16.4-01/12

Instructions for submitting comments for consideration at 802.16 Session #13, 14-18 May, 2001.

Assist in formation of draft 802.16b standard

This document has been prepared to assist IEEE 802.16. It is offered as a basis for discussion and is not binding on the contributing individual(s) or organization(s). The material in this document is subject to change in form and content after further study. The contributor(s) reserve(s) the right to add, amend or withdraw material contained herein.

The contributor grants a free, irrevocable license to the IEEE to incorporate text contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE’s name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE’s sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE 802.16.

The contributor is familiar with the IEEE 802.16 Patent Policy and Procedures (Version 1.0) <http://ieee802.org/16/ipr/patents/policy.html>, including the statement “IEEE standards may include the known use of patent(s), including patent applications, if there is technical justification in the opinion of the standards-developing committee and provided the IEEE receives assurance from the patent holder that it will license applicants under reasonable terms and conditions for the purpose of implementing the standard.”

Early disclosure to the Working Group of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <mailto:r.b.marks@ieee.org> as early as possible, in written or electronic form, of any patents (granted or under application) that may cover technology that is under consideration by or has been approved by IEEE 802.16. The Chair will disclose this notification via the IEEE 802.16 web site <http://ieee802.org/16/ipr/patents/notices>.
Call for Comments on IEEE 802.16.4-01/12 Strawman proposal for the 802.16b Air Interface Standard

802.16 TASK GROUP 4 SEEKS SPECIFIC COMMENTS ON STRAWMAN TEXT
Deadline: Friday, May 11, 2001

IEEE 802.16 Task Group 4 met for the IEEE 802.16 Session #12 from March 11-14 in Hilton Head. The process of reviewing comments on the PHY strawman document (IEEE 802.16.4-01/06) led to the updated PHY strawman document (IEEE 802.16.4-01/12) This document is a call for comments on this updated strawman document. Comments are due by May 11, 2001. All comments received by the deadline will be discussed at the upcoming IEEE 802.16 Session 13.

Each comment on the documents must use the following format, filled out with an example. Commenters must replace the example text with their own information.

Submission instructions follow:

The commenter must email the comments directly to the Task Group 4 email reflector (mailto:stds-802-16-tg4@ieee.org).

The prefix "TG4 PHY STRAWMAN COMMENT:" MUST appear on the subject line of the message. Attachments are not permitted. Comments regarding graphics, figures, drawings and tables must be fully described in text form. If such graphic-oriented comments can not be rendered
or described in text form, the commentor may submit a document using the IEEE 802.16 template http://ieee802.org/16/docs/802_16_template.doc. The document must be addressed to marks@nist.gov, with a copy to TG4 PHY editor Octavian Sarca at osarca@redlinecommunications.com and TG4 PHY Chair Sanjay Moghe at smoghe@rf-solutions.com. A followup comment can refer to the document by number.

If multiple comment forms are sent in one message, each comment form must contain all of the fields filled out as required (see above), including the commentor's name.

All of the proposed changes (comments) will be integrated into a new document for discussion at Session 13. Submissions will be considered non-confidential and will be posted for public access on the TG4 area of the IEEE 802.16 Web Site.

For consideration at the upcoming Session 13, valid comments that follow these instructions must be received no later than Friday, May 11, 2001.
